

**Dudley J. Primeaux II Patents, Named Inventor**  
**US Patents**

1	6,797,789	Phenolic/polyurea coating co-polymer compositions and process
2	6,605,684	Method of preparing spray elastomer systems
3	6,399,736	Method of preparing spray elastomer systems
4	6,013,755	Method of preparing an aliphatic polyurea spray elastomer system
5	5,962,618	Polyurea spray railcar lining systems
6	5,962,144	Polyurea elastomer systems with improved adhesion to substrates
7	5,759,695	Polyurea elastomer systems with improved adhesion to substrates
8	5,731,397	Polyurea spray railcar lining systems
9	5,616,677	Preparation of sprayable aliphatic polyurea elastomers having improved properties
10	5,504,181	Aliphatic spray polyurea elastomers
11	5,480,955	Aliphatic spray polyurea elastomers
12	5,442,034	Spray polyurea elastomers containing organic carbonates to improve processing characteristics
13	5,317,076	Polyurea elastomer with reduced moisture vapor transmission
14	5,266,671	Spray polyurea elastomers with abrasion resistance
15	5,218,005	Polyurea elastomers made using polyamine/carbonyl adducts as chain extenders
16	5,189,075	Polyurea elastomers made using polyoxyalkylene tetra-or higher functional amine chain extenders
17	5,189,073	Process for the production of expanded materials based on polyurea elastomers
18	5,171,819	Alkyl substituted piperazines as chain extenders in polyurea elastomer systems
19	5,162,388	Aliphatic polyurea elastomers
20	5,153,232	Foamed polyurea elastomer-rigid and close-celled
21	5,124,426	Sprayable polyurea elastomer made from reaction of isocyanate compound with amine terminated polyether and di(methylthio)toluene diamine and diethyltoluene diamine chain extenders
22	5,118,728	Spray polyurea elastomers using chopped glass roving
23	5,082,917	Piperazine derivatives as chain extenders in polyurea elastomer systems and method making same
24	5,013,813	Polyurea elastomer with rapid dry time
25	4,891,086	Strand coating method
